Hello Jona Rechnitz,

I would like to take the opportunity to thank you in advance for your referral to Tommy Hilfiger for an internship. I will not let you down, as I will adhere to the highest of principles and work ethics. I will am a reflection of my father, as well as you, if given the opportunity to do the internship. I will be sure to keep both of your reputations at a high standard.

I have located Virginia Ritchie, the Corporate Communications Manager at Tommy Hilfiger, through media releases and LinkedIn. I addressed the letter to her, but if I should address it to someone else, I can make the appropriate changes.

Attached is a PDF, and also a Word document, of my letter of intent as well as my resume.

Thank you again for your effort and consideration. I look forward to hearing from you.

Sincerely,  
Laura Colon
